SUMMER PROJECT

## Le 33 welcomes Private Choice for its 10th anniversary

---

Le 33 in Marseille is a “non-profit” gallery run by Isabelle Carta, which hosts Private Choice, founded by Nadia Candet, for a summer project to mark its 10 years of artistic commitment to the contemporary scene.

3 artists : **Malo Chapuy, Katia Jacquet et Barbara Carnevale**

Le 33 is located at 33 rue Saint-Jacques in Marseille’s traditional antiques district.

The decision to exhibit Malo Chapuy’s work at Le 33 is no coincidence. His small formats, his adoption of ancient techniques and his medieval aesthetic almost give the impression of having emerged from the reserves of a local antique dealer, as the rediscovery of a medieval treasure. His paintings are like enigmas: in addition to their anachronism, they conceal a multitude of details that reveal themselves to the attentive viewer.

Malo Chapuy and Katia Jacquet have each worked on the theme of photographs by the Bernd & Hilla Becher. Barbara Carnevale purifies the subject by extending the space.
